Le Mans 62 Register
News Bulletin

Vol 3 - No. 1/2004

**PM Memorial Run 29.11.2003
In Stuttgart, Germany**

Dear LeMans62 Owner
Happy New Year!

Not much, if anything at all, happened since the last Bulletin in 2003. I was nosy and took the car to a FORD dealer for a diagnosis. As expected, no fault was found and I was told, the „problem“ I’ve experienced is well known and all FOCUS suffer from the same symptoms. Not that I expected a miracle, but something strange happened. Right after I left the dealership, approaching the first traffic light, revs went down smooth like never before. On the motorway, in **5th gear**, within seconds I was revving 5500 with 130 miles on the speedo.

Anyone able to explain that to me?

Let’s look forward to 2004 with a lot of

Happy Sixtytwoing

Peter

Dear Peter,
thanks for your New Year greetings...I'm sorry to report that I have sold my Morgan...I just could not put up with the poor reliability and indifferent quality any longer. I have a Boxster on order for delivery in March.
Kind Regards
Gerry Allen

What do YOU say?

Hi Peter,
I received to day an e-mail from Maurice Williams with your enquiry about a display area for the LM62 cars, providing an area for you at Oswestry is no problem we have plenty of space Have you any Idea how many LM62 cars will attend the event?
