As you may have read in Bulletin 33 a trip to Switzerland is planned to gather as many LM62 owners as possible. The meeting will be held in beautiful mountain scenery including a short visit to Italy.

The motto will be 'Via Mala' which is a narrow gorge and the most serious obstacle on the approach to two mountain passes: the 'Splügen' and the San Bernardino <http://en.wikipedia.org/wiki/Viamala>

Our base for all four days will be the \*\*\*\*Hotel Bellavista next to the lake of Silvaplana and a short distance to St. Moritz <http://bellavista.ch/en/aktuell.php>.

We have the choice from six different room categories. Our cars will be safe and cosy in the secure underground parking.

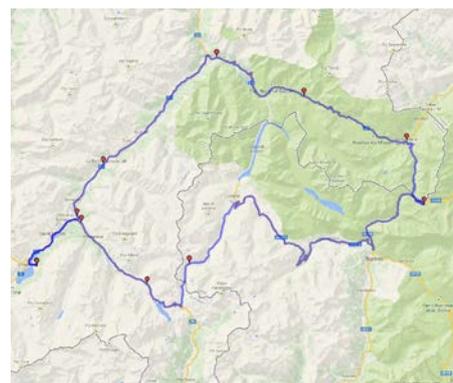

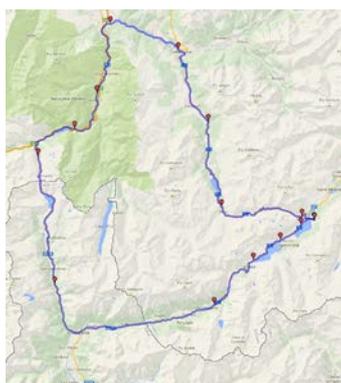

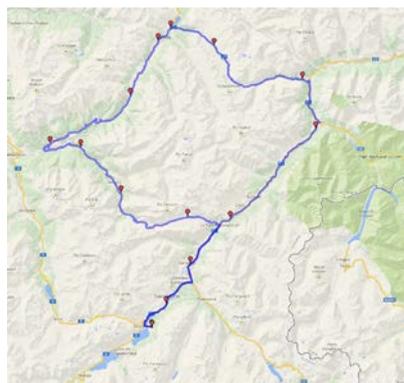

With, hopefully, splendid weather conditions we will be driving 10 different large and smaller passes over the three days.

The 4 night **all-inclusive** price for one person is CHF 870 and for two persons between CHF 1'620 and 2'350 depending on the room category.

The price includes Hotel accommodation with Breakfast Buffet, Lunch and Evening Dinner (including Mineral Water and Coffee), Wellness with Sauna and Steam bath, underground parking, Cable Railway to top of Corvatsch (3303 m), rally plaque, road book and more.

Three days of scenic drives have been organised for your enjoyment and details follow:
